MIS facilitates management of data and submission to College administration, Management, UGC, AISHE, DHEMHRD and SPPU.

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Appointment of Qualified Staff: Staff members are appointed as per the norms defined by State Government, UGC and affiliating University. Distribution of Workload: UGC norms are followed for assignment of workload to staff members. The teachers are allotted the subjects based on the area of interest and expertise. Academic Planning: Department wise and faculty wise teaching and practical time table is prepared. Class room and laboratory time table ensures the smooth conduct of lectures and practicals. The time table is displayed on the various notice boards, for staff and students. Learning Management System Vriddhi is used to prepare semester wise Objective Driven Teaching Plan. Teaching Methodology: The teachers make maximum use of modern methods of teaching. Learning management systems like Vriddhi, Easy Class and MOODLE are used. These systems facilitate preparation of teaching plans, conducting tests, assignments, evaluating and computing marks for the same. Bridge courses are organized and conducted for the first year students and lateral entry students to help them understand basic concepts. Co-curricular and Extra-Curricular Activities: The departments organize a number of co-curricular and extra-curricular activities, which are planned in advance and incorporated into the academic calendar. The activities include Class Room Seminars, Guest Lectures, Group Discussions, Workshops and Experiential Learning Activities that augment the teaching and learning process. Bridge and Remedial courses are conducted. IQAC: The IQAC has an intrinsic role to play in the implementation of curricular, co-curricular and extracurricular activities of all the departments. The academic calendar is compiled for the whole college inclusive of the above mentioned activities. IQAC has implemented a system to ensure syllabus completion through submission of syllabus completion reports at the end of each academic year. Staff's arrival and departure is scrutinized through biometric system in addition to monitoring of lectures and practicals.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The Mentoring process is systematic and methodical and is as follows: Mentoring Process: Details of Undergraduate and Post graduate students are collected through Know Your Students (KYS) form by the respective departments. The teachers identify the students during the lectures on the basis of their performance. The teacher takes a session of the identified students and tries to collect all the information like their interests, views, goals and future plans. Each teacher mentors up to five students. Regular meetings from time to time keep the teacher updated about the progress of student. Guidance is provided by the teacher as per the need of the student which helps them to overcome the weakness and convert them into strengths. Areas of Mentoring: The mentor lays a thrust on Holistic development. The teachers mentor students on the following aspects: Personal: Personal counselling includes advice on basic medical and psychological issues. Students having serious psychological issues like anxiety or depression problem are mentored and if needed directed to the Counseling cell. At times the students have family problems for which the student may be counselled with family members. Financial: a large number of students in the college come from economically weak backgrounds. The students are guided for many scholarships so that they can continue their studies without break. They are also encouraged to work in the Earn and Learn scheme of the SPPU. Academic: Academic mentoring includes educational and career planning. The student is advised to be regular in class and participate in co curricular and extracurricular activities to improve academic output. Students are encouraged to take part in various competitions at college and intercollegiate level. They are also guided about various coaching schemes and exams for the particular subjects or profession they are interested to take up in future. Lectures are conducted for students to give them information about different competitive examinations in their specialization, different career options, list of research institutes and companies where they can find jobs. Career: The students are also

asked about their career aspirations and the mentor discusses the pros and cons of the career choices and explains to the student which would be best suited to the student. The student is encouraged to go to job fairs and campus recruitment drives to improve chances of quick placements. Follow up: After the primary counselling the mentor discusses the goal set by the student, which is frequently reviewed. The mentoring helps the student in interpersonal relationships and helps in academic and career planning. Mentoring records are maintained by the respective teachers in the prescribed format. Follow up of the mentored students is taken where needed. The students are encouraged to work hard to understand their abilities and strengths and help them to succeed in life.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The college follows the examination pattern of the affiliating University. The CIE schedule is planned at the beginning of the year by each department and charted in the Academic calendar. At the Undergraduate level for Arts and Commerce, 80:20 pattern is followed. The internal assessment of termend is of 60 marks converted to 20 in final mark sheet. The examination and assessment is internal. The final examination is of 80 marks. For science faculty undergraduate level, 4010 semester system is followed. First year examinations are internally assessed for all faculties. PostGraduate Level for all faculties follows Choice Based Credit System (CBCS). As per the guidelines of the affiliating University, 50 percent of the assessment is internal. The internal exams can be in the form of tests, assignments, open book exam, seminar, library work, multiple choice tests and Oral exam. This 50:50 assessment is semesterwise. In addition to regular internal exam, term end exam and annual exam the students are evaluated through Class Tests/Tutorials/Assignments/Presentations. In addition to the class tests, the assignments and project work is also assessed as a part of CIE.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Academic Calendar uploaded on institutional website includes CIE Schedule along with Curricular, Cocurricular and Extracurricular Activities. Every department submits the compliance of the academic calendar. In addition, the internal audit ensures that the compliance through verification of documentary evidence. The process is as follows: Teacher: Every teacher is assigned the subjects to be taught during the academic year. The teacher plans the teaching and evaluation schedule of assigned subject. The type and schedule of internal evaluation is planned in consultation with the head of the department. Head of the Department: The Head of the department compiles the academic plan submitted by the teachers and ensures that there is no overlapping of the activities in general and the CIE in particular at both the internal as well as the University level. The Academic calendar is then forwarded to the IQAC. IQAC: The IQAC compiles the inputs received from the various departments and a comprehensive plan is prepared and uploaded on the college website. Stakeholders: The stakeholders are aware of the CIE of every department in the college. The adjustment in dates is sometimes made subject to the examination schedule of the affiliating University. The students are informed accordingly through notices, announcements in the classroom, departmental blogs, college website and what's app messages.

The Student Council is established every year during the first term of the new academic year. The University Representative (UR) is elected from amongst the Class Representatives (CR). Although, the Students Council was not constituted as per the Maharashtra Ordinance XXV of 2016 for the academic year 201819 the college has its own Student Council in place. The Board of Students' Development undertakes various schemes for the students like Karmaveer Bhaurao Patil Earn and Learn Scheme and workshops such as Nirbhay Kanya and Disaster Management under the New and Innovative programme scheme of the University. Other Programs undertaken by Students' Development Board include Vaachan Prerna Diwas, Sadbhavana Divas, Marathi Divas, Elocution Competition on Gandhijis Life, Guest Lecture on "NonViolence" and many more. Student Council provides a platform to students to showcase their talents through various activities. The Council performs a number of activities and extends support in AntiRagging Cell, Grievance Redressal Cell, N.S.S., N.C.C., College Magazine Committee, Sports Committee, Cultural Committee, Library Committee, Arts, Commerce and Science Associations. The representatives actively participate in conducting various surveys, data feeding and analysis, contacting invitees, helping the departments for correspondence work, logistic help in cultural programmes, NSS camps and sports meets, compeering at seminars and conferences. The AntiRagging Cell has been effective as no instances of ragging have been reported. The student members of the Cell help in organizing programmes to bring awareness of the harmful effects of ragging and bullying. The student representatives are also at the forefront of organizing the Annual Day programme of the college. Such comprehensive participation and delegation has helped in fostering leadership qualities.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Practice I: Organization of National /International Conferences/Seminars The college organizes Conferences and Seminars every Year. The University sponsors only a limited number of Seminars/ Conferences per college. In order that every department get an opportunity to organize the same the decision as to which department will organize the Seminars is taken in the first staff General meeting. Thus a chance is given to every department to organize the same. Planning and Execution: Once it is decided which department will be organizing, full freedom is given to the department to chalk out the details, invite the speakers, receive the research papers, formulate the editorial board, invite academicians on to the editorial board and forward the Research Publication for printing. The department head and all the department teachers are given full authority to organize the Seminar/ Conference the way they want to. Innovation is encouraged. Periodic review meetings are taken with the Principal and IQAC and any additional resources financial or human required by the department are made available to them. It is the Head of the Organizing Department who is the Conference Secretary and his/ her consent is necessary on every decision. Outcome Every year a minimum of three Seminars—One State Level, One National and One International Level are organized by the College. Further as the University also sponsors One State Level NET/ SET Workshop that too is organized by the college without fail. Practice II: System of Parallel Head for Internal Academic Audit In order to ensure that all documentary evidence are being maintained by each department and best practices of each department are examined by peers this system was initiated. A list of parallel heads and checklist is made by IQAC each year. This check list is circulated to all teachers so that their inputs is taken before the same is finalised. This list of parallel heads is rotated so that each department gets an opportunity to visit every other department. Peer verification is done and best practices of each department are noted by the verifying head. Each head is given the opportunity to present a best practice that he/she noted of the parallel department at the term end meeting. Outcome The best practices of various departments are identified and the same are then institutionalized. The onus of identification is placed on every Head of Department. And the entire college selects the best practice to be institutionalized during the end of year staff meeting. The department whose best practice is chosen for institutionalization is appreciated at the annual staff meeting thus motivating other departments to work on best practices.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	The college is affiliated to the Savitribai Phule Pune University and the curriculum is defined by the University. In view of forthcoming implementation of Choice Base Credit System at undergraduate level by affiliating University, the staff members actively participate in syllabus restructuring workshops. The

	staff members with BOS memberships forwarded the suggestions and inputs from the college to the concerned statutory body. Syllabus restructuring workshops were organized by the college. Feedback on curriculum is taken from all stakeholders on website as well as in hard copy format. The feedback is communicated to Board of Studies, SPPU for action
Teaching and Learning	To increase the number of university toppers, coaching sessions for bright students are conducted throughout the year. A separate time table for the same is followed. ICT methods are used for teaching. Use of Vriddhi, Moodle, eassignments, Easy class are some of the tools used under ICT. Students are encouraged to participate in international and national conferences for oral and poster presentation. Workshop on "Research Methodology" was conducted where research guides were invited from eminent colleges to guide the PG students for research Projects. Guest lectures on specialized topics are organised by the various departments. Remedial coaching for slow learners is conducted. Bridge courses is conducted.

6.2.2 – Implementation of e-governance in areas of operations:

E-governace area	Details
Planning and Development	The Planning and Development Committee of the college regularly visits web sites of affiliating University, Director of Higher Education and UGC and other funding agencies for various developmental schemes. The convener of the committee keeps the staff members informed about the online proposals for organizing seminars, conferences and notifications for Minor and Major Research Projects. The web links and related circulars are shared with the staff on regular basis. Applications were submitted for financial assistance for one International conference (Commerce), one National conference and one state level workshop. Student prorata and eligibility fees are paid online. Student welfare scheme proposals, QIP proposal and NSS proposal were also submitted online.
Administration	The official notifications and circulars are communicated through mail in the registered domain name

	(http://www.azamcampus.org/) to the Principal, Administrative and Teaching staff on relevant matters. All Notices for teaching and nonteaching and important announcement for staff and students are circulated electronically and on what's app groups. The staff approval forms and College Affiliation proforma were submitted online as per guidelines of the affiliating University. The college has submitted online data to All India Survey on Higher Education (AISHE) initiated by Ministry of Human Resource Development, Government of India and Department of Higher and Technical Education, Government of Maharashtra through Management Information System. The EAdministration Office handles online applications for Eligibility and Scholarships.
Finance and Accounts	Accounts Section uses updated version of Tally ERP system to maintain its books of accounts. RTGs and Online transactions are used on a regular basis. Transactions related to funds from various agencies and salary of the staff are managed through online transaction procedures. The PF of staff members is also sent to EPFO through ebanking. Scholarships to students who hold accounts in nationalized banks like Central Bank of India, Bank of Maharashtra and State Bank of India are transferred digitally. The SPPU audits for QIP, NSS and student welfare were completed online from this year as per the directions from the University.
Student Admission and Support	The application for admission is online through Vriddhi Portal. This enables to organize student data systematically. The Database is further used in Issuing Identity Cards, Library Cards, Application for Scholarships and Eligibility.
Examination	The online examination process includes filling of exam form, challan and hall ticket generation. Question papers are also received online from the University during the examinations.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Best Practice I 1. Title of the Practice: Admission in Minimum Time with Maximum Ease 2. Goal: To complete the admission process with maximum efficiency in a time bound manner 3. The Context: Facilitation of timely and hassle free online admission process in one visit to the college. The college provides facilities viz. display of step by step procedure of admission, 140 computers for online applications and supporting staff. Easy procedures for completion of admission process, issuing of Identity Card and Library Card with facility of on campus payment of admission fee through extension counter of bank. 4. The Practice: Abeda Inamdar Senior College of Arts, Science and Commerce is a minority education institution. Rules of reservation are not applicable hence 100 admissions are given to all minority communities in unaided sections. Unaided section of the college comprises 90 of student strength. Prescribed norms of statutory bodies are followed for admission to aided sections. The college gives admission on first come first serve basis irrespective of caste, class or category with a cut off of 50 for UG and PG Programs. The students are given admission as soon as they come to the college with a printout of the online admission form. Thus, a student can complete the entire process within one day and in one visit to the college. However a time period of three days is given to each student to complete the admission process, failing which the student loses his/her claim over the seat. Thus the college completes the entire admission process within one month from the date of opening of admissions. Generally, the affiliating university sanctions additional 1020 of intake capacity on application made by the college after 45 days of commencement of the admission process. Admissions are given under this additional quota on merit basis. The college has a center of the 'School of

Open Learning' of the SPPU for B.A, B.Com. M.A. and M.Com. Programs. Students securing less than 50 marks or students approaching after completion of admissions are guided to apply through the university's website at this center for admission. Thus, such students are also accommodated by the college. 5. Evidence of Success: This practice ensures those students who give a preference to the college for admission, can complete the admission with just one visit to the college. No student that approaches the college within 20 days of commencement of admission is left out from getting admission to the college and admission process is also completed within one month from date of commencement of admission. The procedure followed for 1020 additional quotas ensures that meritorious students who approach the college late for admission also get a fair chance of getting admission. The college has a Cosmopolitan Diaspora of students. 6. Problems Encountered and Resources Required: As such the college does not face any problem in practicing the above mentioned policies and procedures. Well trained and motivated teachers and support staff is needed for effective implementation. 7. Contact Details: Name of the Principal : Dr. Shaila Bootwala Name of the Institution : Abeda Inamdar Senior College of Arts, Science and Commerce City : Pune, Maharashtra Pin Code : 411001 Accredited Status : A Grade (Third Cycle) Work Phone : 02026457577 Tele Fax : 020 26457577 Mobile : 9422013735 Web site : www.abedainamdarcollege.org.in Email ID : prinaisc@azamcampus.org Best Practice II 1. Title of the Practice: Short Term Skill based Courses 2. Goal: To provide opportunity to students to increase their skill sets 3. The Context: Affiliating University changes the syllabi after every five years. Updation of prescribed syllabi is not synchronized with the dynamics of market requirement. Additional skill sets in a graduating student can increase the employability. 4. The Practice: College offers short term skill based courses to enhance communication skills, proficiency in computers, entrepreneurial skills and professional exposure to various areas of study. These courses help in enhancing the skill sets and employability of the students. Some of the courses offered by the college in the current academic year are as follows: a. Hands on Training in Basic Techniques in Molecular Biology b. Skill based certificate courses in human values and professional ethics in collaboration with advocate Nasir Inamdar and Associates, Pune c. A certificate course on Marketing Skills in real estate industry in collaboration with Sri Bal Developers, Pune d. A Certificate Course on Digital Marketing in collaboration with department of computer application, Azam Campus, Pune e. Certificate Course on Cheminformatics f. Certificate course on Python Programming g. Addon Course on Software Testing h. Aptitude Training Session for M.Sc. students i. Addon Course on Amazon Web Services j. Certificate Course in Environmental Management In addition the college has tied up with IIT Mumbai via a Memorandum of Understanding through which the college can access 72 of their online skill courses for all the students of the college. 5. Evidence of Success: This practice has added to desired skill sets in the students, which shall provide them with better opportunities for employment. 6. Problems Encountered and Resources Required: The college has adequate infrastructure and facilities to run these courses. Further the college has a large number of computers all connected to high speed internet. The college provides free wifi facility to all smart phones and tablets of students. In addition to well trained staff members, resource persons and experts from reputed institute are also invited Contact Details: Name of the Principal : Dr. Shaila Bootwala Name of the Institution : Abeda Inamdar Senior College of Arts, Science and Commerce City : Pune, Maharashtra Pin Code : 411001 Accredited Status : A Grade (Third Cycle) Work Phone : 02026457577 Tele Fax : 020 26457577 Mobile : 9422013735 Web site : www.abedainamdarcollege.org.in Email ID : prinaisc@azamcampus.org

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The College focuses toward the education and development of the socially, financially and culturally weaker sections of society and Muslims in particular. The college operates on a first come first served admission policy. This policy has been adopted to accommodate the first generation learners that constitute a large portion of the undergraduate students. Further the college is surrounded by a poor and middle class habitation. This policy ensures that the students living in the vicinity of the college are accommodated. As most students come from the socially and financially weaker sections of the society, and from vernacular medium of education, it becomes imperative to offer English language, personality development, confidence building activities and bridge courses, to ensure their growth and development. Thus organizing a variety of activities is one of the best practices of the college. The college also rewards the efforts of the students by distributing a large number of prizes for the various activities, thus building the confidence of the students. Further the college informs students about the availability of various scholarship schemes. The teachers have a poor fund to which each teacher contributes and the same is utilized to sponsor the education of some needy students. The management too sponsors the fees of needy students. The college runs three parallel earn and learn schemes, to accommodate the large number of students that apply for the same. As the students are first generation learners, the college has to involve the parents in their growth, progress and achievement. Student toppers are felicitated at the annual prize distribution function together with the parents. The parents are counselled to allow the student to complete her education and then get her married. Regular parents' teachers meetings are organized to inform the parent about the progress of the student. In the words of our President "If you want to bridge the gap between the rich and poor, then empower the poor with knowledge of technology technology today is a great equalizer". The entire college campus is Wi Fi enabled. All students are provided with free wifi on their mobile phones or tablets. The focus of education is technology based and all efforts are on to provide the students with state of the art information technology infrastructure and skill sets.
