- **Academic Year:** The duration of two consecutive (one odd and one even) semesters constitutes one academic year.

- **Choice Based Credit System (CBCS):** The CBCS provides choice for students to select from the prescribed courses (core courses, discipline specific electives, generic elective, ability enhancement compulsory courses, skill enhancement courses, mandatory non-CGPA courses etc.).

- **Program:** An educational program leading to award of a degree.
- **Course:** Usually referred to, as „paper" is a component of a program. Each course should define learning objectives and learning outcomes. A course may be designed to comprise lectures, field work, outreach activities, project work, vocational training, viva, seminars, term papers, assignments, presentations, self-study etc. or a combination of some of these.

- **Credit(C):** A unit by which the course work is measured. It determines the number of hours of teaching/ instruction required per week.

- **To earn 1 credit minimum 15 hours of teaching/ instruction is required.**

- A 2 credits theory course requires a minimum duration of 30 hours of teaching in a semester (15hrs*2= 30 hours).

- A 2 credits theory course requires a minimum duration of 30 hours of teaching in a semester

- A 1 credits practical course requires a minimum duration of 15 hours of practical work in a semester.

- **Letter Grade:** It is an index of the performance of students in a said course. Grades are denoted by letters O, A+, A, B+, B, C, P and F. The Letter Grades, Grade Points and scale of UGC are adopted. Grading is done using Letter Grades as qualitative measure of achievement in each Course like: O (Outstanding), A+ (Excellent), A (Very Good), B+ (Good), B (Above Average), C (Average), P (Pass), F (Fail) and Ab (Absent), based on the percentage (%) of marks scored in (CIE+SEE) of the Course and conversion to Grade.

- **Grade Point (GP):** It is a numerical weight allotted to each letter grade on a 10-point UGC scale viz. O=10, A+=09, A=08, B+=07, B=06, C=05, P=04, F=00 &Ab=00.

- **Credit Point (CP):** The numerical value obtained by multiplying the grade point (GP) by the no. of credit(C) of the respective course i.e. CP= GP X C.

- **Cumulative Grade Point Average (CGPA):** It is a measure of overall cumulative performance of a student over all semesters. The CGPA is the ratio of total credit points secured by a student in various courses in all semesters and the sum of the total credits of all courses in all the semesters. It is expressed up to two decimal places.

- **Semester Grade Point Average (SGPA):** It is a measure of performance of work done in a semester. It is ratio of total credit points (CPs) secured by a student in various courses registered in a semester and the total course credits taken during that semester. It shall be expressed up to two decimal places.

- **Semester:** Each semester shall consist of 15-18 weeks of academic work equivalent to 90/100 actual teaching days. The odd semester may be scheduled from June to December and even semester from January to May.

- **Transcript:** Based on the grades earned, a transcript shall be issued to all the registered students after every semester. The transcript shall display the course details (code, title, no. of credits, grades secured) along with SGPA of that semester and CGPA earned till that semester

at the end of each academic year. The students shall be issued transcript for each semester and a consolidated transcript indicating the performance in all the semesters at the completion of the program.

- **Absolute Grading:** Under the absolute grading, the marks are converted to grades based on pre-determined class intervals.

- **Continuous Internal Evaluation (CIE)** and **Semester End Examinations (SEE)** are two key assessment methods. For all theory courses/papers, the ratio of CIE & SEE is 40:60. Thus a course of 100 Marks shall have 40 CIE + 60 SEE which includes 20 marks for Practical Courses.

- **Program Span (PS):** The program‟s maximum time for completion shall be: Duration of Program (4 Years) plus additional two 2 years.

19. Study Material

The study material for the courses will be provided to students with the objective to support their academic learning and enhance their understanding of the subject matter.
